

STEAM Opportunities at Collingswood Public Library

Thanks to a generous grant from LibraryLinkNJ, the Collingswood Public Library is offering a new opportunity to children ages 3-5. After the successful implementation of the library's STEAM Creation Station for ages 6-11, the library has secured funds to extend STEAM to younger library patrons. The STEAM Jr. Creation Station will be located in the DiAngeli Room of the library and offer age appropriate STEAM activities for preschoolers during library hours. Children will experiment with sorting and organization, reviewing letters and numbers and the basics of coding through fun activities. The STEAM Jr. Creation Station will be introduced with a STEAM Jr. Open House on Saturday, September 23 from 11am to 1pm. The bins will be located in the DiAngeli Room Monday through Friday from 10am-5pm and Saturday from 10am-1pm. Keep an eye on social media for images and more details!

This project is supported by funds from LibraryLinkNJ as part of the Level Up Your Library mini-grant program. LibraryLinkNJ and its services are funded by the New Jersey State Library.
